Freedman had always been interested in art, but it wasn't until she retired from her career as a social worker that she finally had the time to dedicate to her passion.

At first, Freedman was unsure of what kind of art she wanted to create. She experimented with different mediums and styles, but nothing felt quite right. Finally, she discovered her calling in mixed media collage.

Freedman's collages are vibrant and expressive, often incorporating found objects, vintage ephemera, and personal artifacts. Through her art, she explores themes of identity, aging, and the search for meaning in life.

Freedman's journey as an artist has been a transformative experience. She has discovered a new sense of purpose and fulfillment, and her art has helped her to connect with others and express her inner world.

In her book, Freedman shares her story and offers insights into the creative process. She encourages readers to embrace their creativity, no matter their age or experience level.

Freedman's story is an inspiration to anyone who has ever dreamed of pursuing their passion. It is a reminder that it is never too late to start something new and that creativity can be a powerful force for self-discovery and personal growth.
