In this comprehensive guide, we unveil 99 extraordinary baking soda hacks that will empower you to unlock the full potential of this everyday wonder. Whether you're looking to spruce up your home, revamp your health and beauty routine, or simply make life easier, this ultimate collection has got you covered.

Cleaning Hacks

1. **Unclog drains:** Pour $\frac{1}{2}$ cup of baking soda down the drain followed by $\frac{1}{2}$ cup of vinegar. Let it fizz for 15 minutes and flush with hot water.

2. **Remove tough stains from carpets:** Sprinkle baking soda over the stain and let it sit for several hours or overnight. Vacuum up the powder and rinse with cold water.
3. **Freshen your refrigerator:** Place an open box of baking soda in the back of the fridge to absorb odors.
4. **Clean your oven:** Make a paste with baking soda and water and spread it over the oven's interior. Let it sit overnight and wipe it clean in the morning.
5. **Eliminate bathtub ring:** Create a paste with baking soda and water and apply it to the ring. Scrub with a sponge and rinse thoroughly.

Deodorizing Hacks

1. **Neutralize pet odors:** Sprinkle baking soda on carpets, upholstery, or wherever your pet has left a mess. Let it sit for 30 minutes to an hour and vacuum up.
2. **Deodorize shoes:** Fill a sock with baking soda and place it inside each shoe overnight to absorb odors.
3. **Remove onion and garlic smell from hands:** Rub baking soda on your hands and wash with water to eliminate lingering odors.
4. **Freshen stinky sponges:** Soak your dirty sponge in a solution of 1 tablespoon baking soda per cup of water for several hours or overnight.
5. **Deodorize your garbage disposal:** Pour ½ cup of baking soda down the disposal and follow with 1 cup of vinegar. Let it bubble for 15 minutes and flush with cold water.

Health and Beauty Hacks

1. **Treat sunburn:** Make a paste with baking soda and water and apply it to the affected area. It will soothe the pain and reduce redness.
2. **Whiten teeth:** Mix baking soda with water to form a paste and use it as a toothpaste. Rinse thoroughly after brushing.
3. **Exfoliate your skin:** Create a gentle scrub by mixing baking soda with water or coconut oil and gently massage it onto your face or body.
4. **Soothe insect bites:** Make a paste with baking soda and water and apply it to insect bites to reduce itching and swelling.
5. **Alleviate heartburn:** Dissolve 1 teaspoon of baking soda in a glass of water and drink to neutralize stomach acid.

Pest Control Hacks

1. **Repel ants:** Sprinkle baking soda around ant trails or entry points to deter them.
2. **Kill cockroaches:** Mix baking soda with sugar to create a deadly bait that will attract and eliminate roaches.
3. **Eliminate fleas on pets:** Sprinkle baking soda on your pet's bedding and vacuum thoroughly after 24 hours.
4. **Prevent mice:** Place open boxes of baking soda in areas where mice are likely to enter to repel them.
5. **Discourage slugs and snails:** Create a barrier by sprinkling baking soda around plants or areas where they congregate.

DIY Hacks

1. **Make natural deodorant:** Combine baking soda, cornstarch, and coconut oil to create a safe and effective natural deodorant.
2. **Homemade laundry detergent:** Mix baking soda with grated soap and washing soda for a natural and economical laundry detergent.
3. **Create homemade toothpaste:** Combine baking soda with coconut oil, peppermint extract, and other optional ingredients to make your own toothpaste.
4. **Make bath bombs:** Use baking soda, citric acid, essential oils, and food coloring to create fun and fizzy bath bombs.
5. **Polish silver jewelry:** Line a bowl with aluminum foil and fill it with baking soda and water. Submerge your silver jewelry and let it soak for several hours or overnight.

Gardening Hacks

1. **Boost plant growth:** Dissolve 1 tablespoon of baking soda per gallon of water and water your plants to encourage healthier growth.
2. **Control powdery mildew:** Mix 1 tablespoon of baking soda with 1 gallon of water and spray on infected plants.
3. **Eliminate weeds:** Sprinkle baking soda directly on weeds and water it in to kill them naturally.
4. **Make homemade fertilizer:** Combine baking soda with other natural ingredients like manure or compost to create a nutrient-rich fertilizer for your plants.
5. **Deter pests:** Sprinkle baking soda around plants to repel snails, slugs, and other pests.

With its remarkable versatility, baking soda has proven to be a true household hero. From cleaning and deodorizing to improving health, beauty, and everyday life, this ordinary ingredient has an extraordinary range of uses that will leave you amazed.
