Here's a sneak peek into the thrilling world of Renegade Star:

“The ship creaked and groaned as it hurtled through the asteroid field, dodging debris and narrowly escaping collisions. Anya gripped the controls tightly, her eyes fixed on the screen in front of her. The Empire's cruisers were hot on their tail, their lasers firing relentlessly.”

"Anya cursed under her breath. She had to outsmart them, find a way to escape. She scanned the asteroid field, searching for a way out. Suddenly, she spotted a narrow gap between two massive asteroids. It was a risky maneuver, but it was their only chance."

"Anya took a deep breath and steered the ship towards the gap. The asteroids loomed large on either side, threatening to crush them at any moment. Anya held her breath, waiting for the impact. But to her relief, they passed through the gap safely."

"The Empire's cruisers were right behind them, but they had lost sight of their prey. Anya had outmaneuvered them once again.""
