Teachers are often seen as the pillars of our communities, but behind the scenes, they're also a bunch of hilarious people. From the first day of school to the last, teachers encounter a never-ending stream of funny, heartwarming, and downright bizarre situations.

In this book, over 50 teachers share their most hilarious stories, giving readers a glimpse into the often-unseen world of education. With tales of misbehaving students, clueless parents, and administrative mishaps, this book is sure to make you laugh out loud.

Here are just a few of the funny stories you'll find in this book:

- The teacher who accidentally called a student's name wrong on the first day of school and then spent the rest of the year trying to make it up to them.

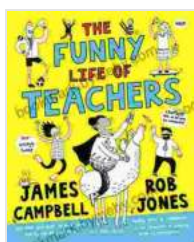

- The teacher who had a student who was so disruptive that they had to be sent to the principal's office every day. But instead of getting mad, the principal just laughed and said, "I don't know what to do with him either."
- The teacher who had a parent come to them and complain that their child was being picked on by a bully. But when the teacher asked the child who was bullying them, they said, "I don't know. I just made it up to get out of class."

These are just a few of the many hilarious stories you'll find in this book. If you're a teacher, you'll definitely relate to these stories. And if you're not a teacher, you'll get a glimpse into the often-unseen world of education. Either way, you're sure to laugh out loud.
